# DecisionSource®
Reporting & Analytics

Transform your data into actionable insight so you can make fast, confident decisions.

Gain confidence in your data without the complexity.

DecisionSource Reporting & Analytics is our proprietary intelligence platform that gives you instant access to program information before, during, and after a trip. Integrating with 200+ sources, it consolidates and normalizes your data. With reports, dashboards, interactive maps and benchmarks, DecisionSource takes the complexity out of program intelligence.

Clear decisions.
Better results.

Industry-leading quality
24x7 cleansing, normalizing, and consolidation from 200+ sources globally

Meaningful intelligence
Predictive what-if scenarios, benchmarking, program trends, traveler behavior and compliance

Near real-time
Booked data available within 90 minutes
70% of transactional data available daily and 90% or more available weekly

Simple, compelling visuals
Interactive charts and graphs, snapshots with key program metrics, and performance-to-goal report cards

Configurable reports
Schedule, customize, and view transaction-level detail
