

Simplify trips to improve productivity

3-click trip yields significant savings

The idea

3-click trip

1. Enter request
2. Confirm trip details
3. Submit expense summary

How it works

Best-trip recommendations, virtual payments and automated invoice reconciliations reduce the time travelers spend booking and expensing trips

Big results

Daimler saves **US\$27 million** a year through productivity gained by simplifying the travel process

What's the secret?

Daimler rejected the idea that more choice is always better for travelers. It turned to partners, including BCD Travel, to provide the most relevant air, hotel and car rental offers based on travelers' historical behavior and preferences, corporate travel policy and supplier strategies.
